**SECTION I / PRODUCT IDENTIFICATION**

COMMON NAME: TRI-COMPLEX EYE CRÈME  
 CAS No: PROPRIETARY  
 CHEMICAL NAME: PROPRIETARY  
 CTFA NAME: PROPRIETARY  
 EINECS NUMBER: PROPRIETARY

ACTIVE INGREDIENTS: NONE

**SECTION II / HAZARDOUS INGREDIENTS CONTAINED IN PRODUCT**

| Principal Hazardous Components     | % | Threshold Limit Value |
|------------------------------------|---|-----------------------|
| None; Poses no overt health hazard |   |                       |

| HAZARD RATING | Health | Flammability | Reactivity |
|---------------|--------|--------------|------------|
| Scale 0 – 4   | 0      | 0            | 0          |

**SECTION III / PHYSICAL & CHEMICAL CHARACTERISTICS (Fire & Explosion Data)**

|                                  |                                |  |             |                    |     |
|----------------------------------|--------------------------------|--|-------------|--------------------|-----|
| Boiling Point                    | 212 degrees F<br>100 degrees C | Specific Gravity<br>(H <sub>2</sub> O – 1) | 1.18 – 2.12 | Vapor Pressure     | N/A |
| Volatility                       | 0%                             | Vapor Density                              | N/A         | Evaporation Rate   | N/A |
| Solubility in Water              | Soluble                        | Reactivity in Water                        | None        |                    |     |
| Appearance & Odor                | White, sheer lightweight cream |  |             |                    |     |
| Flash Point                      | >200 degrees F                 | Flammable Limit in Air                     | N/A         | Extinguisher Media | N/A |
| Special Fire Fighting Procedure  | N/A                            | Auto-Ignition Temperature                  | N/A         |                    |     |
| Unusual Fire & Explosion Hazards | None                           | Preservative                               | N/A         |                    |     |

**SECTION IV / PHYSICAL HAZARDS**

Stability: **Stable** Unstable

Maintain the concentrated product to a pH: 7.0 – 7.5

Conditions/Materials to Avoid: Overexposure to direct sunlight for prolonged periods. Do not expose to a temperature above 200° C.

Incompatibility: Not applicable

Hazardous Decomposition Products: None Known

Hazardous Polymerization: May Occur **Will Not Occur** Avoid

**SECTION V / HEALTH HAZARDS**

Ingredients Posing Hazards: None

Threshold Limit Value: None Known

Route of Topical Exposure & Overexposure: Material is low toxicity and poses no overt health hazards

Medical Conditions Generally Aggravated by Exposure: None Known

Chemical Listed as Carcinogen

National Toxicology

LARC

N/A

Or Possible Carcinogens: Yes **No** Program: No Monograph N/A

OSHA Permissible Exposure Limit: None Known  
 ACGIH Threshold Limit Value: None Known  
 Other Exposure Limit: None Known

Emergency & First Aid Procedures:

1. Inhalation: Not applicable
2. Eyes: Wash thoroughly with water for at least five minutes. Seek medical care if irritation persists.
3. Skin: If irritation occurs, flush with water. Seek medical care if symptoms persist.
4. Other: None

**SECTION VI / SPECIAL PROTECTION INFORMATION**

|                        |             |               |            |         |
|------------------------|-------------|---------------|------------|---------|
| Respiratory Protection | Ventilation | Local Exhaust | Mechanical | Special |
| None                   | None        | None          | None Known | None    |

|                    |                |   |                            |  |
|--------------------|----------------|---|----------------------------|--|
| Protective Gloves  | Eye Protection | Other Protective Clothes                | Other Protective Equipment |  |
| Chemical Resistant | Safety Glasses | Accepted Industrial Hygiene Precautions |                            |  |

**SECTION VII / SPECIAL PRECAUTIONS and SPILL & LEAK PROCEDURES**

|   |  |
|---|--|
| Precautions to be taken in Handling & Storage             | Store in a cool, dry place away from sunlight, dust, heat, or flame  |
| Other precautions   | None   |
| Steps to be taken in Case Material is Released or Spilled | Absorb spill onto absorbent (Clay, etc.). Package up for proper disposal (Non-Hazardous cleanup is OK). Avoid possible sources of ignition if spill is significant quantity. |
| Waste Disposal Methods                                    | Dispose of in accordance with local, state and federal guidelines.   |
