#### 4. FIRST AID MEASURES

First Aid:

INGESTON:

if ingested, do not induce vomiting. Drink plenty of water or milk IMMEDIATELY. If the patient is vomiting, continue to offer plenty of water or milk. Never give water or milk to an unconscious person. Contact Chemīrec at +1 (703) 527-3887 or the nearest Poison Control Center or local emergency number. Provide an estimate of the time and amount of the substance that was swallowed.

EYES:

Splashes are not likely; however, if product gets into the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. If irritation occurs, contact a physician.

SKIN:

If irritation occurs when product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with warm water and soap. Remove contaminated clothing and wash thoroughly before reuse. If irritation, redness or swelling persists, contact a physician immediately.

INHALATION: Remove victim to fresh air.

Medical Conditions Aggra/ated by Exposure:

None known:
