

MATERIAL SAFETY DATA SHEET – MINERAL SALT GLOW

Section 1: Product and Company identification

Commercial Product Name: Mineral Salt glow

Product Use: Exfoliator for use in manicure and pedicure treatments

CAS: N/A

Supplier:

Essie Cosmetics Ltd.,
19-19 37th Street
Astoria, NY 11105

Emergency Information:

Essie Cosmetics Ltd., 1-800-232-1155
 (718) 726-5000
 www.essie.com

Poison Control Center: CHEMTREC 1-800-424-9300

Section 2: Composition/Information on Ingredients

Appearance: blue, granular, viscous emulsion

	CAS-No
Sodium Chloride	7647-14-5
Vegetable Glycerin	56-81-5
Rice Bran Oil	68553-81-1
Glyceryl Cocoate	68201-46-7
Silica Gel	63231-67-4
Lemon essential oil	8008-56-8
Chamomile essential oil	8015-92-7
Blue #1	860-22-0
Lavender Essential Oil	8000-28-0
Vitamin E	7695-91-2
Yarrow Extract	8022-07-9

Section 3: Hazards Identification

Contact with eyes may cause irritation

Not classified as hazardous material.

Section 4: First - Aid Measures

Symptoms: This substance is not considered toxic or dangerous, though care should be taken during use and any questions referred to medical personnel.

Skin: The substance is not dangerous. However, over exposure or contact with open wounds may cause slight irritation.

Eyes: Flush eyes with clean water for at least 15 minutes. Do not run allow victim to rub eyes. Contact medical professional if irritation persists

Ingestion: May be harmful if swallowed in large quantities. Obtain medical attention.

Inhalation: The substance is not dangerous by inhalation.

Section 5: Fire-Fighting Measures

Fire: Non-combustible

Suitable extinguishing media: Use any means suitable for extinguishing surrounding fire

Extinguishing media that must not be used for safety reasons: None

In the event of a fire, wear full protective clothing and a self-contained breathing apparatus.

Section 6: Accidental Release Measures

No special measures required

Environmental precautions: Avoid contamination of water sources

Methods of cleaning up: Pick up mechanically and dispose according to section 13. Minor residues to be washed away with excessive water flow. Dispose of wastewater according to regulations. If spilling occurs on public highway, wash thoroughly with water and absorbent should be applied (i.e. sand) to prevent skidding on a slippery surface.

Section 7: Handling and Storage

Keep away from incompatible materials (see section 10).

Safety phrases:

S25: Avoid contact with eyes.

Store in a cool, dry place.

Wash thoroughly after handling

Section 8: Exposure Control / Personal Protection

Personal Protective equipment: Generally, personal protection is a function of exposure. It is recommended to use working shoes, working clothes, gloves and eye protection. Work should be done in a well - ventilated area.

Respiratory protection: If the exposure limit is exceeded and engineering controls are not feasible, use particulate respirator.

In case of an emergency: Full protective gear and a self-contained breathing apparatus should be used, according to the severity.

Section 9: Physical and Chemical Properties

Form: Crystalline
Color: white

Boiling point °C: above 190C
Melting point °C: loss of viscosity above 80C
Freezing point: N/A
PH: 8
Flash point °C: Non-flammable
Specific Gravity: 1.261

Section 10: Stability and Reactivity

Hazardous polymerization: Will not occur.

Chemical reactivity: Stable under ordinary conditions. May react with oxidizing agents.

Hazardous decomposition products: Non known

Section 11: Toxicological Information

Not hazardous

Section 12: Ecological Information

Environmental hazards: If properly introduced in small concentrations into adapted biological sewage treatment plants, decomposition of the activated sludge is not affected.

Not mentioned in the US Regulations concerning discharge of dangerous materials into waters.

Sodium chloride is a component of seawater

Biodegradability: No data available.

Section 13: Disposal Considerations

Dispose of in accordance with local regulations.

Contaminated Packaging: Contaminated bags should be emptied thoroughly; after proper cleaning they can be recycled.

Section 14: Transport Information

Non-hazardous for air, sea and road transportation.

Section 15: Regulatory Information

Labeling in accordance with US directives: No specific marking required according to US Regulations

R-phrases:

R36: Irritating to eyes.

S-phrases:

S25: Avoid contact with eyes.

Section 16: Other Information

NFPA Ratings: Health: 1 Flammability: 0 Reactivity: 0

Date of issue: 9TH October 2007
