Directions

Family-owned and controlled small businesses (which can include farms) that have 100 or fewer full-time or full-time equivalent employees are not included as Business Assets on the Free Application for Financial Aid (FAFSA). "Family-owned and controlled" means that more than 50% of the business is owned by persons who are directly related or are or were related by marriage.

Your tax return shows that you own a business. Please fill out the certification statement if your business meets the definition of a family-owned and controlled small business.
